## How to Transact Business with the Company

### APPLICATIONS FOR NEW SERVICE.

#### CHANGES IN LOCATION— DISCONTINUANCE OF SERVICE.

All matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc., are handled at the Business Offices of the Company.

Subscribers desiring telephone equipment rearranged or moved from one address to another should notify the Business Office not less than ten days in advance.

Subscribers desiring telephone service discontinued, either permanently or temporarily, should give not less than ten days' notice to the Business Office.

The location of the Business Office is shown on page iii of this directory.

### CHANGES IN DIRECTORY LISTINGS

This telephone directory is issued regularly twice a year. Notification as to new listings, changes or corrections should be made, preferably in writing, to the Business Office at once.

When calling the Fire or Police departments, you should give your message direct to the department concerned. Give your name, street address, and between what cross streets that address is located, to the department called.

Any subscriber in an emergency may call the operator and ask for the department wanted by name instead of calling the department direct by number and the operator will establish the connection.

## How to Use the Telephone

### OBTAIN CORRECT TELEPHONE NUMBERS

Always obtain the correct number from the current issue of the telephone directory before you make a call. If the desired number is not in the directory, call "Information."

### HOW TO PRONOUNCE TELEPHONE NUMBERS

Pronounce telephone numbers in the order printed, for example: Hammond four-five-oh-seven.

### HOW TO SPEAK

Speak slowly, clearly and directly in the telephone with the lips about half an inch from the mouthpiece. Your voice will carry much better if you do so.

### TO RECALL THE OPERATOR

On a Common Battery telephone (one where you signal the operator by merely lifting the receiver from the hook) to recall the operator on a connection, move the receiver hook up and down slowly three or four times.

On a Magneto telephone (one where you signal the operator by turning a crank) if you wish to recall the operator hang up the receiver and give the handle one quick turn. When you finish your conversation, receive a report that the number you wish to talk with is busy, or your party does not answer, hang up the receiver and give the handle one quick turn.

### THE BUSY SIGNAL

The busy signal is a buzz-buzz-buzz—which informs you that the called line is in use.

## How to Use the Telephone (continued)

### PARTY LINES

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the

receiver and listen. If the line is in use, restore the receiver carefully and quietly to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts promptly to the Chief Operator.

## General Information for Subscribers

### EXCHANGE SERVICE

Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

### IDENTIFICATION OF EMPLOYEES

All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. **Beware of persons misrepresenting themselves as employees of the Telephone Company.**

### ATTACHMENTS TO TELEPHONES

Telephone instruments have been designed as they are to produce the best results and are necessarily very sensitive and intricate. The various unauthorized devices offered for sale, which are supposed to improve transmission, eliminate noise, destroy germs, supplant the telephone directory, etc., are unnecessary.

Many of them get the telephone lines and instruments into trouble, and the Company, to protect its service, is compelled to remove them.

Subscribers' contracts provide that no instruments or appliances not furnished by the Company shall be attached to or used in connection with its instruments or lines.

### DIRECTORY ADVERTISING

The Local Manager will furnish upon request advertising rates and other information regarding directory advertising.

### TELEPHONE DIRECTORIES OF OTHER CITIES

Telephone directories of the principal cities in the United States and Canada will

Hammond

be obtained for any of our subscribers desiring them. Information in regard to securing these directories may be obtained by calling the Local Manager.

### REGULATIONS AND TARIFFS

The tariffs of this Company are on file in each Business Office and may be inspected upon application.

A representative of the Company will lend any assistance necessary in securing information from such tariffs.

### ERRORS IN THIS DIRECTORY

The Company cannot and does not assume any liability for damages arising from errors or omissions in making up or printing its directories. Please check your listing in the directory. If it is incorrect in any way, please call the Local Manager so that it may be corrected in the next issue.

### ANSWERING TELEPHONE CALLS

By answering telephone calls promptly, you materially aid the Company in its endeavor to give satisfactory service.

When answering calls, announce the name of firm, your telephone number, or your name. When a called number answers, announce first your own name or the name of your firm and then the name of the person to whom you wish to talk.

### TELEPHONE NUMBERS

Telephone numbers are subject to change and if used on cards, letterheads, signs and other forms of advertising should, in the best interests of their service, be promptly corrected when, for any reason, a telephone number change is necessary.

### TELEGRAMS BY TELEPHONE

To telephone a telegram or cablegram, ask the operator for "Western Union" and you will be connected with an office of the Western Union Telegraph Company as requested.

By arrangement with the Western Union Telegraph Company the charges for telegraph messages filed by telephone will be billed by the Illinois Bell Telephone Company on telephone bills as rendered.

Calls to the telegraph company for any other purpose than to send a telegram or cablegram should be made by number in the usual manner.

## How to Place Station-to-Station Calls to Nearby Places

Station-to-Station calls to the nearby points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give your operator the number desired and stay on the line until you are connected.

For charges to points not shown in this schedule, or for other information regarding toll connections, call "Long Distance."

*The rates herein stated are the present legal rates of the Company as on file with the Public Service Commission of Indiana.*

## How to Make Long Distance Calls

First—Determine whether the lower priced Station-to-Station service can be used or whether Person-to-Person service is more suitable.

Second—Ask your operator for "Long Distance." When "Long Distance" answers, give her the details of your call, including the telephone number, if known, at the distant place, and wait for her directions. She will either request you to wait at the telephone without hanging up your receiver, or she will request you to hang up the receiver until you are called.

### STATION-TO-STATION SERVICE From one Telephone to Another

This service is the connection of one telephone station with another telephone station at a distant toll point.

To obtain this form of service, tell the long distance operator that you will talk with "anyone who answers."

Charges on Station-to-Station calls may be reversed (at Day, Evening or Night rates) if the initial period rate is 25 cents or more, provided "anyone" answering at the called station accepts the charge. If the initial period rate is 20 cents such a reversed call is accepted at the 25-cent rate. When the initial rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

If the request for reversal of charges is not accepted as above, and the call is cancelled, then the regular Report Charge applies as under Person-to-Person service.

**Station-to-Station Day Rates—4:30 A. M. to 7:00 P. M.**

**Station-to-Station Evening Rates—7:00 P. M. to 8:30 P. M.**

Approximately 75 per cent of the day rates.

**Station-to-Station Night Rates—8:30 P. M. to 4:30 A. M.**

Approximately 50 per cent of the day rates.

On evening or night rates, reductions do not apply on calls where rate for initial period is 35c or less.

## How to Make Long Distance Calls

(Continued)

### PERSON-TO-PERSON SERVICE

#### From One Person to Another

**All Hours, Day or Night.** This service differs from the Station-to-Station service in that a particular person, or particular extension of a Private Branch Exchange, is called for instead of "anyone who answers the telephone" at the distant end. The rates for this service are not reduced during the evening or night hours. Charges for this service may be "reversed" or collected at the distant station if accepted by such station.

Owing to the fact that the Company may be unable, for reasons beyond its control, to complete calls for particular persons or P. B. X. stations, this class of call is accepted only with the understanding that a **Report Charge** will apply, under the conditions outlined below, if a chargeable conversation does not result.

**Person-to-Person Call Rates** are about one-fourth greater than the **Station-to-Station Day Rates**.

**Appointment Call Rates** are the same as those quoted for Person-to-Person calls. An appointment call is one on which connection is to be established at a specified time set by either party. **Report Charges** apply.

**Messenger Call Rates** are the same as those for Person-to-Person calls plus

a charge for messenger service required to notify the desired person to come to the telephone. In case the desired person cannot be secured, a **Report Charge** plus the **Messenger Charges** must be paid.

**Reversed Charges**—Messages or calls on which charges are to be "reversed," or collected at the distant end.

If you desire the charges reversed you should advise the operator when you place the call. If the called party refuses to accept the charges a **Report Charge** will be made unless the call is then completed as a Person-to-Person paid message.

**Report Charge.** A charge of approximately one-fifth of the Person-to-Person rate to the point involved is made if communication cannot be established on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

**No Report Charge is made** if the call is completed nor in case the report returned is "busy," "out of order," or "don't answer," as applied to the called station.

For Additional Information call "Long Distance."

## General Information

**Request for Charges.** If you desire to be told the charge on any message, it will save time if you so advise the operator when you place the call. In the case of reversed charge calls it is important that you make the request when you agree to accept the charges. Otherwise considerable delay will result while she

obtains the rate and computes the charge.

**Bills for Toll and Long Distance Service** cover the charges for one month preceding the date of the bill.

**Report all Complaints** of Long Distance Service to the "Long Distance Chief Operator."

## International Telephone Service

Telephone service is available from your telephone to any point in Canada, Cuba, England, Scotland, Wales, Belgium, Switzerland, Holland, Germany, Spain, and to many other important

cities of Continental Europe, Africa and of Mexico. Communication may be made to these points or information and rates secured by merely calling "Long Distance" in the usual way.

# REGULATIONS

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- If service has been suspended one way only.....\$0.50
- If service has been suspended both ways.....1.00

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

Four-party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

## Ownership of Facilities

All facilities provided by the Telephone Company, including directories, remain the property of the Company and are subject to the following regulations:

Foreign Equipment.—No apparatus or appliance not furnished by the Telephone Company shall be attached to or used in connection with the facilities furnished by the Company.

Directories.—Telephone directories containing the listings of subscribers, issued from time to time by the Telephone Company free of cost, are and remain the property of the Telephone Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No binder, holder or auxiliary cover except such as may be furnished by or with the consent of the Telephone Company, shall be used in connection with any telephone directory furnished by the Telephone Company.

*"Its easy to find ~  
Where to buy it"*

To find the telephone number of a business concern you have in mind -

*First, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.*

*Next, locate the desired concern and telephone number by examining the listings under the heading.*

To find where to buy the article or service you want -

*First, locate the heading indexed by the name of the article or service you wish.*

*Then, select from the listings the dealer with whom you wish to do business.*

Under these headings may also be found sub-headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

Trademark or brand names will be found in alphabetical order according to the trade mark or brand name.

TO ALL of you who read the magazines—and to all of you who have pride in your appearance, this will be good news—

Right here in this city you can now get Valetaria pressing for your suits—and for your coats, skirts and overcoats, too.

This is the improved pressing method—advertized in the Saturday Evening Post and the same as that used by the most famous method that shapes the clothes.

The collar is shaped on a collar press; the coat fronts on forming presses; shoulders on a shoulder press; trousers on a trousers press, the same method as was used when your clothes were made.

If you want your apparel pressed in a way you will be proud of, phone us. We will call promptly and deliver just as promptly.

If you'd like us to, we can also do a good job of dry-cleaning at the same time.

Ladies' fancy garments a specialty. Don't forget that VALETERIA shapes as well as presses your clothes.

Wulf's Cleaners & Dyers 220 Sibley, Hammond-3376

## Easy to See

is the first of the four cardinal virtues of advertising. A display advertisement in the Telephone Directory is like a bulletin board. It does a great deal of work with few words. It directs the attention of buyers to you and your business at the right moment and it does this steadily day after day.

## Local & Long Distance Telephone Service

The telephone is a business  
 builder worth many times its  
 cost. Over each of the 9  
 thousand telephones in Ham-  
 mond you can quickly reach  
 almost everyone in this city  
 or 70 thousand other towns  
 and cities in the United States and Can-  
 ada.

## ARCHITECTS, OWNERS AND BUILDERS

**Call Our Engineers FIRST and Save Costly Alterations**

*The Extensive Use* of the telephone in hotels, apartment houses, large buildings and large residences, makes it essential that in buildings of these types provision be made to carry the large number of wires necessary for furnishing telephone service.

*In Smaller Buildings* and residences the entire concealment of the telephone service wiring can be arranged for at a very small cost if included in the building plans.

*If Some Arrangement* is not included in the original building plans, it may be necessary to make extensive and costly alterations after completion of the building, in order to conceal the wires running through halls and rooms.

*The Engineers of This Company* will be glad at any time to give architects, owners or builders the benefit of their experience in such matters without charge.

*Write or Call the District Plant Engineer at  
Hammond. Telephone Hammond 9958*
